

## Meredith Gillespie

Meredith Gillespie completed her Master's degree in Genetic Counselling at the University of Toronto. She is currently working as a GC with the Care4Rare Canada Consortium, based at the CHEO Research Institute, and the CHEO Regional Genetics Program, as well as the Project Manager for the Ontario GAPP, a quality improvement pilot within the Genome-wide Sequencing Ontario pilot. Meredith first joined the Care4Rare and CHEO Genetics teams as a clinical research assistant in 2015 and since returning to CHEO as a GC has worked closely with research and clinical leadership to integrate clinical research assistants into the research, clinical laboratory, and clinic settings.
