

Narin Sheri

Narin completed her research as part of the Masters in Genetic Counselling Program at the University of Manitoba. As a first-generation immigrant, she was drawn to this research topic of research based on her personal experience helping her parents navigate the healthcare system. Narin is passionate about justice, equity, diversity, and inclusion and actively seeks opportunities to be involved in research in this area. Narin is currently working as an ocular genetic counsellor at the Eye Institute of Alberta. In her spare time, Narin enjoys reading science fiction, cooking, and spending time with her cat.
