

Jaime Jessen-Brown

Jaime is an American and Canadian board-certified genetic counsellor. Jaime obtained her masters of genetic counseling at the University of Newcastle in Australia in 2004. Jaime worked in a clinical role for 9 years at Mount Sinai Hospital in Toronto, Canada and then transitioned to her role as genetic counselor & medical science liaison in 2015 at Impact Genetics. Impact Genetics' parent company, Dynacare, is wholly owned by LabCorp cooperation USA. Jaime works as a MSL specializing in molecular oncology and her passion is to help support the ever-growing utility of molecular genetics in oncology by advocating for paired somatic and germline testing to be considered as the standard of care for all cancer patients.
