

## Emma Blanche

Emma Blanche is a genetic counsellor originally from Ottawa, Ontario. She obtained her Masters in Genetic Counselling in May 2022 through Wayne State University. During her training she completed a research project supervised by Dr. Alison Elliott, Dr. Alivia Dey and Tasha Wainstein (University of British Columbia), in conjunction with the GenCOUNSEL Study.

Emma recently began working as a prenatal genetic counsellor in the Prenatal Diagnosis and Medical Genetics department at Mount Sinai Hospital. She is also a volunteer with the CAGC newsletter, the Crossover. "
