

## Shannon Chin

Shannon completed her Master's of Human Genetics at the University of Manitoba and became certified by the Canadian Association of Genetic Counsellors in 2002. She held various positions within the Genetics & Metabolism Program including over 15 years of direct patient care. During that time, Shannon had the opportunity to take on various leadership roles and found she had a passion for mentoring and building teams. This led her on a new journey; earning a Health Services and Leadership-Management certificate and taking on new leadership positions within healthcare. She also activity involved with the MSc Genetic Counselling Program, University of Manitoba as an Adjunct Professor.
