

## Linda Brandt

Linda Brandt is the Registered Nurse working in the Neuromuscular/Neurometabolic clinic at McMaster University Medical Centre in Hamilton, Ontario alongside Dr. Mark Tarnopolsky for the past 12 years. In her 37+ year career she has spent time nursing in Critical Care which encompassed NICU, PICU, AICU and Critical Care Transport Coordination as well as nursing under the Peri-Operative umbrella. The most exciting part of her career has been her role in setting up and assisting in the administration of treatments / gene therapy now available to treat SMA (Spinal Muscular Atrophy).

Linda calls Dundas, Ontario her home for the past 30 years where she lives with her husband, youngest son who is currently working in his plumbing apprenticeship and their new pup Gibson. Her oldest son is a member of the Canadian Armed Forces, Air force division and is living in Dartmouth, Nova Scotia with his dog Scarlett. Linda is an avid glamer (camper) and loves the great outdoors!
